PANTHER SENTINEL

HARTNELL COLLEGE

VOTE

Volume XXXIII

Salinas, California, Friday, April 10, 1964

Number 16

■ ASB presidential candidates Steve Sutherland, Dave Rose, and Jim Silveria show their reactions when asked "who's going to win the election?" The week long campaigns come to a close today at an election assembly introducing the office seekers to the student body. Voters go to the polls Monday and Tuesday casting ballots for the candidates of their choice.

Retiring, President Tells Year's Projects

Student Government plays a very significant role in directing student activities and programs on Campus. Each year the student body budget amounts to approximately \$41,000. Our main source of income is from ASB cards—\$13,000—and the Student Store. Student government has the responsibility of allocating and spending this money in the student body's interest. Not many students are concerned with how their money is spent and for this reason our administration has found difficulty in determining the student body's interests.

The athletic program is entirely sponsored by ASB funds. The Sentinel and La Reata are supported by the same means. The list continues into cultural, social, and educational activities—every direction of student interest.

My administration was highlighted in the first semester by the football season, Winter Ball, and student government conference Hartnell co-hosted at Asilomar.

This semester our big project has been the purchase of a sculpture designed by Mr. Butterbaugh which will be ASB's token of appreciation for the new science building.

At this time student government is planning an Intra-school government conference which will include students from Hartnell and the high schools in our district. This conference is modeled after our own CJCSGA, and is aimed at discussing and resolving many of the problems of student bodies.

We established the Foreign Relations committee which has met with only limited success because of lack of participation and support. However, the program is of such great worth that I hope future administrations will carry on where we have left off. Another worthwhile establishment is the student-faculty committee formed to discuss mutual problems and attempt jointly to resolve them.

Our problems this year have run from damage and burglary in our Student Union to the loss of five commissioners at the change of the semester. These problems though numerous, were successfully resolved.

Above all else I feel that this year's commission has been one of innovation and not imitation.

There is still much to be done this semester and your support and cooperation would be appreciated by both present student body leaders, and those you will elect at the polls next week.

Three Crusade For Top Post

DAVE ROSE

By being ASB President I feel that I could be of service to Hartnell. I would like to help Hartnell in any way that I could, and by being President I could be a servant to the students.

I was ASB President at North Salinas High last year, and by holding that office I achieved some of the needed experience for the job of President. I was also Commissioner of Athletics at Hartnell this semester.

JIM SILVERIA

A refrain from our history tells us that Democracy deals with a system of government in which the people have the most active voice. Here, at Hartnell, we are indeed set up to carry out the functions and the ideals of a Democracy. The student government is ideally arranged so that all of the students can have a say in how the school is run. And yet, since I have been at Hartnell I have noticed some basic lack of student participation and interest in general school affairs involving student government and student body functions. The remedy for this situation will take time to be fully brought about, but I definitely feel that it can and must be sought and found.

STEPHEN SUTHERLAND

The student body president cannot limit his time to a concern with student life only. The person who fills this post should be willing to go out into the community and speak to the many service groups about HARTNELL; its problems, its aims, and its ambitions.

At no time in the past has a student body president of this college gone to the people of this community and acquainted them with our problems.

At this time Hartnell College needs, desperately, a fine arts building with a little theatre. It is a disgrace to this community that the college has to rehearse in a room that was built for boxing, and that the band rehearses in a room built for wrestling. I am also ashamed that the Drama department has to produce such fine plays in that poor excuse for a little theatre.

If I am elected to the office of student body president I will work unceasingly both in the college and in the community to find money enough to build a new fine arts building.

RAGERS SEEK SOPH. POST

SAM DONAGHE

I feel very strongly that a little less apathy and a little more action is needed on this campus in regard to student government and student activities. I seek the office of Sophomore Class President because I believe that in this office it may be possible to stir student opinion and action. Further, I feel that the Sophomore class needs an experienced and representative voice on the student commission in order that activities and policies more popular with the student body as a whole may be followed by the student commission. I seek also to change the student constitution in such a way that more students may participate in student government.

My qualifications for the office of Sophomore Class President include service as an officer on the Commission of Salinas High School for the three years which I attended that school. I have worked with many organizations and groups and I feel that this experience will help me do the best possible job for the sophomore class. A strong sophomore class with a strong program of activities is my goal.

RUBE SALGADO

HOWDY! How about a chicken in every pot and two cars in every garage? Well, actually I guess this is a little bit out of my line but more activities and bringing the Sophomore Class a little closer together will be my goal if I am elected the next Sophomore Class President. I have been working on the Panther Sentinel staff for one semester and this one makes two. Through the Sentinel I have achieved much experience in

working with people and meeting deadlines. This will help me greatly in the office of Sophomore President.

I also feel that by running for this office more enthusiasm can be created for student government. In fact someone has got to help in bringing student government up as an active group and popular with all students in this college.

I want to put the Sophomore Class at the head of the line where it belongs. Here the class will lead instead of follow.

★ ★ ★ ★
BE SURE TO VOTE

Hennigan Alone In Sectry. Race

I am very much interested in the governmental functions and policies of Hartnell and would like to take an active and working part in them. Holding the office of Associated Student Body Secretary would place me in a position to take the functioning part that is desired.

As secretary, I would carry on correspondence with other colleges and thus bring about a better relationship with them. I would also take the minutes at the Commission meetings and return an accurate report.

My qualifications lead me to believe that I am able to carry out the duties of this office. If I am elected, I will do my best to serve the needs of Hartnell.

CULTURAL ACTIVITIES RACE SPURS LIVELY DOUBLE ENTRY

JANET MAGNO

I was astonished at the number of students who didn't know that a Cultural Commissioner existed.

I would like to correct this situation because I feel that this is a very important office. Without the "free of charge" movies, Hartnell Presents lectures, the Spring semester talent, Hartnell would not be as exciting as it is. I feel, though, that this is not all the Cultural commissioner should be responsible for.

I believe foreign relations is very important to Hartnell. Being that our culture has risen in the past from other countries, the Cultural commissioner should be in coordination with the AMS and AWS presidents in presenting a well-planned foreign relations program.

I have participated in the following activities this past semester at Hartnell: Chairman of committee for advertising for the Winter Ball; committee for decorations, Winter Ball; Treasurer, Newman Club; I.C.C. Representative, Art Club.

I have been to both area conferences and attended workshops, one dealing directly with foreign relations in our area colleges. I feel I have had experience in the field of working with people, and with your support, I would try my best to make the Cultural Commissioner worth recognition.

PAIR CAST EYE ON STORE

GLENN GRAVES

You, the Associated Student Body of Hartnell College, own the bookstore and pay the salary of the manager and other student employees in our bookstore.

You elect a bookstore Commissioner to represent your interest in our bookstore.

I want you to place your interest of our bookstore in my hands by electing me Bookstore Commissioner.

I am going to accomplish three objectives in our bookstore. First I am going to report to you concerning your interest in our bookstore. Second, I am going to expand our bookstore by this December or know the reason why. Third, I am going to lower the prices of our bookstore to the absolute minimum.

I sincerely hope that you will allow me to represent you as Commissioner of the Bookstore.

ELECTION ASSEMBLY 11:40 TODAY

MICHAEL NIELSEN

The field of cultural activities includes, besides the film series, concerts, lectures, and student-faculty discussions and panels.

I hope to further greatly these latter areas which have been neglected in the past as well as to continue bringing to the student body the films they would appreciate.

My qualifications include President of Hartnell Choir, I.C.C. Representative and delegate to the Area Six CJCSCA conference at San Mateo. In addition, I have attended many of the commission meetings and have had experience in student government.

Spirit, Action, Quick Wit Spark Race for Rally Post

LAWRENCE PEDROZA

Stating my qualifications for Commissioner of Rallies and what good I feel I can do for the students of Hartnell would be difficult to do without at least a brief summary of my abilities. I feel that I do qualify for the position because of my experience in entertaining people as a comedian. I feel I can present the type of rallies that will be both interesting and enjoyable to my fellow students.

A rally that is enjoyable is naturally going to promote a good attendance. And before you can build school spirit, which is the objective of a Rally Commissioner, you must have an interested and attentive student body. I feel I can keep this student body interested in promoting a good school spirit.

LINDA LOSADA

As representative of the bookstore, I propose to initiate legislation that would give the student more for his money. I plan to carry on the discount sales that began this year. The capital expenditures fund designated by the Commission and amounting to \$2500 will be used for capital improvements for the bookstore. The funds will be used with the attitude of responsibility towards the student body.

As a member of the student Commission I will be an interested, fair, impartial representative of the student body as a whole. The reason I seek this office is because I am interested in student government. Another reason is that there is much satisfaction in doing a worthwhile job. I know that if elected, I will achieve this satisfaction.

REMINDER!

Dean of Admissions Karl Bengston reminds all students today is the last day to drop a class with a grade of "W." After this time any single class withdrawn from will merit an "F."

Withdrawal from an entire scheduled after today will result in "W's" in the classes in which a student is passing and failing grades in those which he is not.

Mr. Bengston also points out that pre-registration for the fall semester will begin on May 4. "Students should start giving some thought to their fall schedule," he said.

MARIE TSCHUMPERLIN

If elected Commissioner of Rallies and Assemblies my main objective would be to stimulate more interest in student activities.

Hartnell has spirit! But it needs a good stiff shot in the arm. I propose more informal assemblies so that students could participate and join in the fun; buses to out-of-town games; rallies geared to boosting support of spring sports; and last, but by no means least, I propose to carry through Dink Week to really make new students feel welcome and at ease on campus.

My qualifications for rally chairman are not outstanding, but I do enjoy meeting and working with people. I've been told I have a sense of humor, I'm always open for suggestions, and I sincerely believe that with the caliber of students attending Hartnell, we can look forward to a "rally" big year next fall.

Soph. Rep.

If elected, I will make the time needed to fulfill the requirements of Sophomore Class Representative. I have been a high school commissioner of Publicity. I also attended Boy's State. I have the material needed for my campaign. I was also the secretary of Key Club and I belong to Block NS, Boys Federation, and participated in after school sports.

LAST SPEAKER

Last to appear in the Hartnell Presents series will be Willy Ley. German-born Mr. Ley is one of the world's most prominent figures in the fields of rockets and space travel. Hear Mr. Ley speak in the college library on April 17 at 8 p.m.

Hart Takes 2nd Best In 4-Way Track Meet

Stanford's powerful frosh squad over-powered the tracksters from Hartnell, Cabrillo and Monterey Peninsula College last Friday as they took the four-way meet with 67½ points.

The Hart delegation took second in the overall meet totalling 50½ points as Cabrillo scored 27 and Monterey tacked up five points to round out the scoring.

Top honors were taken by the 440 relay team of Dave Guzman, Paul Nelson, Pres Skinner, and Dick Burdette. Burdette won the 440 in the fine time of 49.3 while Tom Baily pulled another upset as he leaped upward to clear the bar in the high jump at 5 feet 11 inches.

Dave-Guzman, Hartnell's all-around man, won the broad jump. Guzman leaped 22 feet 11 inches to cop first in the leaping event.

Another standout in the meet for Hartnell, was pole vaulter Dave Taylor. Taylor leaped with his pole 13 feet 6 inches to win the event.

Hart's tracksters will meet the Gavilan Rams and the Menlo Oaks in a three-way meet here today. The Panther squad is favored in the meet and a great show is in store for those who attend.

Jiminy Cricket To Lead Yells

The office of Head Yell Leader requires a great deal of time, experience and work. Because I have been a Yell Leader for two years (one year of high school and one year here at Hartnell) I feel that I have achieved the necessary experience needed to fill this office competently.

Not only have I had this vital experience but I will also have the time to do the great deal of work required for this office.

'Batman' Swing, 'Robin' Spartans

Chalk up win number ten for Jess Regli's horsehiders. The Panthers axed the San Jose State Frosh team, 7-1 last Friday behind the four-hit pitching of Mike Correa. Their only setback of the season has been their opening game loss against Diablo Valley.

Against the Spartababes, the Panthers hammered three pitchers for seven runs and nine hits. SJS' only run was scored on a bases-loaded error. Doug Porter, Butch Ketcham and Jan Gildersleeve paced the Panther attack with two hits apiece. Wayne Garvis, Gene Johnson and Correa also garnered safeties, in the lopsided win.

Hartnell hosted the Spartababes team in a return match Tuesday to close out their practice game schedule. Tomorrow, they will be in quest of their eleventh and twelfth wins when they host Coast Conference co-favorite Vallejo for a double-header in their league opener.

OLD REDWOOD GIVEN REPRIEVE

Thanks to a four-man committee headed by Haydn Stevens the last redwood tree in Salinas is still standing.

Chairman Haydn Stephens, co-chairman Ed Powers, Edward Comobs, and Tom Baxter were the four responsible for saving Salinas' sole surviving redwood tree. They first presented their case to the Park Recreation Committee and finally to the City Council. The Council voted favorably on their plea and ordered that the tree be left standing.

LITTLE MAN ON CAMPUS
